

Legislation Committee Report for 2020 Diocesan Convention

We recommend adoption of the proposed amendment “Amend Canon 16, Professional Standards with a new Section 6.”

Regarding the proposed amendment, entitled “Amend Diocesan Canons to allocate Diocesan Convention delegates based on Average Sunday Attendance (ASA),” we also recommend adoption. We acknowledge that calculation of ASA during the COVID-19 era might be challenging, but we have faith that The Episcopal Church will determine a method of this before parochial reports will be filled for 2020.
