### ***Sunday May 3<sup>rd</sup> – “I Got Out of Bed” by the Rev. Adam Robinson***

On Sunday May 3<sup>rd</sup>, the Rev Adam Robinson’s sermon will be “I Got Out of Bed”.

The Jane Kenyon poem “Otherwise” has been much on my mind lately.

#### ***Otherwise***

*I got out of bed  
on two strong legs.  
It might have been  
otherwise. I ate  
cereal, sweet  
milk, ripe, flawless*

*peach. It might  
have been otherwise.  
I took the dog uphill  
to the birch wood.  
All morning I did  
the work I love.  
At noon I lay down  
with my mate. It might  
have been otherwise.  
We ate dinner together  
at a table with silver  
candlesticks. It might  
have been otherwise.  
I slept in a bed  
in a room with paintings  
on the walls, and  
planned another day  
just like this day.  
But one day, I know,  
it will be otherwise.*

These words have both comforted me and challenged me right now in our Covid-19 separateness. I would like to take some time to share some of the thoughts and emotions that have been stirred by this poem.

### ***Sunday May 10<sup>th</sup> - A Celebration of Motherhood***

On Sunday May 10<sup>th</sup>, Thoreau Wood's Vice President, Pam Johnson, will lead us in a Celebration of Motherhood. Participants will be invited to share stories of their mothers, women who have been like a mother to them, or their own stories of motherhood.

### ***Sunday May 17<sup>th</sup> - Bending With These Winds of Change***

On Sunday May 17<sup>th</sup> Hilary Adamson will present a program entitled "Bending with These Winds of Change." In these challenging times the winds of change can easily send us reeling. From grateful for the simple things and a slower pace one second, to tears welling up at the news of a so many loved ones lost on the front lines of this pandemic...it is like a whirlwind that can send us in a tail spin. Like a willow in the wind, we ebb and flow with the gusts, but can continue to reach for the heavens, just like the willow tree. While we grow through these challenges, we can still reach for the heaven's, look up and find faith in the life-giving sun that rises with each morning.

This service will include music from Hilary and her husband Stuart. They call themselves the The Flyin' A's. They perform Americana with a Texas Kick. This husband and wife duo

hails from Austin, Texas. You can hear their Texas roots in all they do. This high energy duo is famous for their top-notch songwriting, breathtaking harmonies, and exceptional live performance. Their latest album *You Drive Me Crazy* was selected to be on the 2017 first round Grammy Ballot and has taken them on tour around the US, UK, EU and now they are headed to NZ for the first time. Their latest album *No Holds Barred* was released in February 2020 and is full of heart, Texas grit, and continues their legacy of critically acclaimed songwriting. From Stuart's outstanding lead guitar work and gritty vocals to Hilary's powerhouse vocal gymnastics and lilting harmonies, it is no wonder this duo is quickly gaining momentum both at home and abroad. They combine the best of Texas country, southern blues, folk and gospel to create an original sound that is all their own.

### ***Sunday, May 24<sup>th</sup>, 2020 - Fellowship Sunday***

On Fellowship Sunday, we will begin with our traditional prelude, announcements, chalice lighting, joys and concerns, meditation and hymn singing. Instead of listening to a speaker, Fellowship Sunday is a time for members to share topics and themes of concern and interest with others in the congregation.

### ***Sunday, May 31<sup>st</sup> - Citizen's Climate Control***

On Sunday May 31st, Roger Ingersoll will speak on The Citizen's Climate Lobby. Now retired, Roger worked for ExxonMobil for 33 years in the oil and gas industry. He worked on arctic, coastal and offshore projects, worldwide, and as witnessed changes in the North-slope Alaska area that have happened since the 1980's. Currently, Roger is a member of SHSU Industrial Advisory Board to gain accreditation for SHSU's Electronics and Computer Engineering Technology program. Citizens' Climate Lobby is a non-profit, nonpartisan, grassroots advocacy organization focused on national policies to address climate change. Their latest album No Holds Barred was released in February 2020 and is full of heart, Texas grit, and continues their legacy of critically acclaimed songwriting. They combine the best of Texas country, southern blues, folk and gospel to create an original sound that is all their own.

Americana roots duo Mark Viator & Susan Maxey owe their musical chemistry to the thunderstorm that brought them together at the Kerrville Folk Festival, back in 1991. A Viator Maxey show brings you an ever-evolving repertoire of original songs about highways, hurricanes, red tail hawks, and love gone right. Their tightly woven vocal arrangements are underscored by Mark's National slide guitar and distinctive acoustic lead playing. Susan's soulful voice is an instrument all its own. Together, they deliver a powerful show that draws on the rhythms of South Louisiana and the timeless qualities of the Texas troubadours.

## JOIN OUR PRISON MINISTRY

The degree of civilization in a society can be judged by entering its prisons.  
– Fyodor Dostoyevsky

The Unitarian Universalist First Principle affirms the inherent worth and dignity of every person. Yet every day millions of incarcerated people are told the exact opposite of this principle, that they are worthless and undeserving. Through prison visits and letter writing, we at TWUUC have a special opportunity to show incarcerated people living right here in Huntsville that they are inherently worthy of love and justice.

We need you to help nurture our nascent prison ministry. Working together we can show incarcerated people that they are not forgotten and that those of us in the “free world” care about their well-being. Our program consists of one-on-one visits, letter writing and phone calls with local inmates at the Ellis Unit located on FM 980 in Huntsville.

This ministry is organized and led by Vicki DellaSperanza Hernandez and her husband Martin Hernandez who is incarcerated at Ellis Unit. Vicki organizes and trains volunteers in the so-called free world, and Martin leads the program from inside the prison. Together they launched a letter-writing campaign that connects pen-pals who write monthly. Their vision is to establish one-on-one (non-contact) visits with men, who over the years, have had either very few visits or none at all. Whether you are interested in writing or visiting, you will receive guidance and assistance every step of the way. Vicki and Martin are committed to ensuring a safe, secure and mutually beneficial experience for both volunteers and inmates. For more information contact Vicki at (617) 970-5430 or [vicki@thriveafterloss.com](mailto:vicki@thriveafterloss.com).

Due to Covid-19, there will be no visits to the prisons until future notice.

## TWUUC Mission Statement- JUST HELP .

There are three interpretations of this mission.

It is the journey to answer the complex question "Why am I here?"

It is help that is just.

It is to do no harm of any kind against ourselves, others or the environment.
