## EASTER WORSHIP!

The moment we've been waiting for has come at last! Session has agreed to hold an in-person service for Easter Sunday, and we cannot wait to join you all in fellowship and community as we celebrate the resurrection. We will hold our service in the parking lot at 10:30, and we invite all who feel comfortable

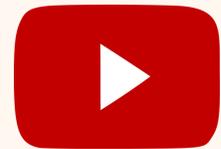

to come and join us as we rejoice in Jesus' promise of hope. If there is inclement weather, there will be a Facebook Live service at 11:30. A full write-up of Session's decisions is available on the second page of the newsletter.

# Letter from the Session

**WRITTEN BY CATHERINE MATIER, WORSHIP COMMITTEE CHAIR**

The Session has approved returning to in-person worship on May 2, 2021. An assessment will be done by the Worship Committee on April 7, 2021 to ensure that all remains safe and that COVID cases have not significantly increased or there are recommendations from federal, state, or local levels against holding in-person worship. The Worship Committee will give the recommendation to Session for approval.

We know that everyone is hungry to return to in-person worship of God and the connectivity and community it provides for the mind, body, and spirit. We are using caution to avoid the start and stop that occurred in the fall. Mask wearing and maintaining physical distance will be required.

Between now and May 2 we will be preparing and providing additional worship experiences. On March 28 there will be another drive by Communion from 11 to 11:45am, just come by when you are able during these times.

On Easter Sunday an outdoor worship service is planned at 10:30. There will be chairs set up in the parking lot by the Choir Room. In case of inclement weather, a Facebook live service will be held at 11:30.

If you have any questions or comments concerning our plans for worship moving forward, please contact me.

May the peace of Christ be with you.
