

## Masks in Worship

The Session of CLPC met this week and voted to change their policy, making mask wearing optional for those who have been vaccinated. According to the CDC website, fully vaccinated persons can attend a full capacity worship service without a mask. Your Session feels comfortable with people not wearing a mask but also feels that we should continue social distancing, especially if singing is going to continue being a part of our worship.

As we move forward together into an unknown future, let us continue to practice the values of care for the most vulnerable, hospitality, and love of neighbor. Some of our members may choose to continue wearing a mask, and we will most likely have a mix of mask wearers and those mask free in our worship. If you have questions or concerns, please don't hesitate to reach out to Pastor Chad or one of the members of Session. We are here for you and want to ensure all feel welcome and safe in worship.

However you choose to attend, the Session invites all who feel comfortable to come back to communal worship. We want you to greet you in person, we need you in our congregation.

## Pentecost Sunday

Wear red this Sunday, because we will be celebrating Pentecost! We will also be taking up the Pentecost Special Offering from Presbyterian Church USA, which is dedicated to helping young people grow and share in their faith in Christ.
